Major John J. Boh
Office of the Adjutant General
Louisiana National Guard
Jackson Barracks
New Orleans, Louisiana

Dear Major Boh:

Your letter of 1 September 1950 addressed to Mr. Theodore G. Deiler of the Federal Communications Commission requesting frequencies utilized by the USSR for propaganda broadcasts has been forwarded to this Agency for reply.

The enclosure lists all frequencies and program times of the current schedule of Moscow propaganda broadcasts directed to listeners in North America. It is assumed that your interest extends only to Moscow's North American broadcasts. There are, of course, numerous other frequencies employed by Radio Moscow for propaganda broadcasts to other areas of the world. It is anticipated that the frequencies of Radio Moscow will undergo a complete change in approximately three weeks and full details may be obtained by listening. The new set of frequencies to be used for broadcasts to North America is usually announced by Radio Moscow several days in advance of the change.
